Contractor/technician certification

By signing this certification, I attest that the boilers have been tuned in a professional manner and to optimize boiler efficiency to the fullest extent.

Contractor/technician signature _____

Title _____

Mail the completed application to:
ThermWise Business Rebates
P.O. Box 45360
Salt Lake City, UT 84145-0360
 1-800-567-3460 • ThermWise.com

Instructions:

1) To qualify for a boiler tune-up, the following work will be completed:

- **Pre-tune-up and post-tune-up measurements of boiler combustion efficiency.**

- **Adjust draft control:**

Draft Control: Maintains constant draft through the system to ensure complete combustion accounting for temperature and barometric changes.

- **Installing flue restrictions:**

Flue restrictions: Installation of flue dampers/control surfaces in the flue stack to control flow.

- **Check completeness of combustion:**

Combustion Completeness: Monitored with a CO and O₂ sensor. Results from this testing will affect the fuel input/air input measure.

- **Clean fire side of heat exchanger:**

Cleaning Heat Exchanger (HX): Scrubbing HX manually to remove buildup from combustion gases and more efficiently transfer heat from the source to the steam/water.

- **Seal combustion chamber:**

Sealing Combustion Chamber: Seal the boiler combustion chamber with a ceramic sealant to reduce heat loss from chamber.

- **Optimize fuel input:**

Fuel Input: Optimize fuel input (and air input) based on combustion completeness results.

2) Complete ThermWise Boiler Tune-Up Rebate Application Supplement.

3) Include a copy of contractor invoice which details the work performed to identify tune-up items as well as additional labor and parts to improve/repair boiler performance.

4) The boiler tune-up may also include:

- Removal and cleaning of burners.
- Removal and cleaning of pilot assembly.
- Cleaning of blower motor.
- Inspection and testing all relays and controls.
- Nozzle and filter replacements.

5) Complete ThermWise Business Rebate Application:

6) Mail completed application to:
