

2018 ThermWise® Weatherization Rebates - UTAH

Residential Wall & Floor Insulation (Multi-Family) Application

(5 OR MORE CONNECTED UNITS)

Promotion Dates: **01/01/2018 - 12/31/2018** (NEW CONSTRUCTION DOES NOT QUALIFY)

Rebate request must be postmarked within 6 months of the installation date to be eligible.

Installations must be completed by a ThermWise Authorized Contractor in order to qualify for this rebate.

APPLICATION INSTRUCTIONS & CHECKLIST

- 1. Multifamily dwelling units **must have a pre-evaluation inspection** and meet all eligibility requirements as outlined in the current weatherization tariff. To have a ThermWise representative do a pre-qualification site evaluation on your property, call 1-801-324-5118 to schedule your inspection.
- 2. Purchase and install a qualified measure in an existing dwelling where there is an active meter using Dominion Energy services.
- 3. Review Terms and Conditions on page 3 of this application and sign the Acceptance of Terms at the bottom of this page.
- 4. **Email** this completed and signed application with the following supporting documents to the address on right.
 - A copy of your most recent Dominion Energy bill. (Units must have primary gas heating on GS rate schedule to qualify.)
 - A clear legible copy of your itemized receipt/invoice that shows **retailer/contractor name, address, phone number, purchase and/or install date, quantity (square footage), R-Value, description, manufacturer, purchase price and proof of payment.**
- 5. **IMPORTANT:** Photocopy your entire submission for your records.

REP ID: _____

IMPORTANT!

- **A pre inspection and post inspection are required.** ■ Insulation must be installed between a heated and an unconditioned space.
- **Wall:** A minimum increment of R-11 must be added to existing insulation. ■ **Floor:** A minimum increment of R-19 must be added to existing insulation.
- The Meter ID number for each upgraded unit is required for processing. It's important to match each unit with the associated meter.
- Meter ID number can be found on your Dominion Energy bill or on the physical meter. Some Meter ID numbers may correspond with multiple units.
- This rebate is available on a one time basis per measure, per unit. ■ **R-Value** | The resistance of insulation to the conduction of heat.

Attach additional application worksheets if necessary.							Total Expected Rebate:	

TERMS AND CONDITIONS

Rebate Availability - The Dominion Energy® ThermWise® rebate programs have been approved by the Public Service Commission of Utah. All rebates subject to change with 30 days notice. All equipment/supplies (measure) must be new and purchased and installed prior to submitting a rebate application. **Measures must have been purchased and installed on or after January 1, 2018.** Applications must include all information requested. Failure to provide this information may result in the delay or denial of the rebate.

Rebate Eligibility - It is the responsibility of the applicant to send the completed rebate application along with copies of the required proofs of purchase (receipt, invoice, etc.). Only one rebate will be paid per installation. Proof of purchase and installation receipts are required for each measure qualifying for a rebate. Measures must be purchased and installed after home's original occupancy date. Measures installed as part of the home's original construction (New Construction) are only eligible for rebates under the Builder Rebates Program. Allow approximately six weeks from receipt of completed applications, including all purchase receipts, for rebate processing. Completed form and all required documentation must be received within six months of purchase/installation.

Rebate Qualification - If a measure is returned after rebate is paid, Dominion Energy will be reimbursed the rebate with penalty including associated legal and/or collection related costs. Qualifying rebate measures may be found online at ThermWise.com. Measures must be installed within the Dominion Energy Utah/Idaho service area. Customers in Dominion Energy's Wyoming service area may be eligible for Wyoming specific measure rebates. Visit ThermWise.com for details regarding the Wyoming ThermWise Program.

Application Details - All applications are subject to verification by Dominion Energy. If your application is selected for verification, it will not be processed until the verification process is satisfactorily completed. Dominion Energy issues rebates in the form of checks, not utility bill credits. Dominion Energy is not responsible if your retailer or contractor provides inaccurate information about the amount and/or conditions of the actual rebate and Dominion Energy will not pay rebates for equipment that is mislabeled or misrepresented by dealers regarding rebate qualifications. Customers receiving rebates under one ThermWise program may not receive rebates for the same equipment under any other ThermWise program.

The customer hereby transfers to Dominion Energy all "Environmental Attributes" attributable to the qualifying measure or its operation. Environmental Attributes means those aspects, claims, characteristics and benefits of avoided energy use associated with the measure. Environmental Attributes include all environmental benefits, avoided emission characteristics, credits, allowances, reductions, offsets, and benefits associated with the savings of energy and the reduction of generation from non-renewable energy resources, including any avoided emissions of carbon dioxide, methane, and any other greenhouse gases, but do not include any tax benefits or tax credits associated with the measure.

Rebate Limitations and Limitation of Damages - Payment of the rebate by Dominion Energy does not warrant the performance of qualifying/installed measures and does not warrant that the qualifying/installed measure will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying measure. Neither Dominion Energy, its parent company, affiliates, subsidiaries, officers, employees, nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or processes disclosed, or represent that its use would not infringe on privately-owned rights. Reference to any specific commercial project, processes, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by Dominion Energy, its parent company, affiliates, subsidiaries, officers, employees, or its contractors.

Consent to Share Information - By submitting this ThermWise application, I authorize Dominion Energy Company and its agents to release the information I have included in the application to my electric service provider or another program administrator for the purposes of energy efficiency program administration and project quality assurance purposes. I understand and agree that this information may be used to help determine eligibility for available Dominion Energy Company rebates. I authorize my electric service provider or another program administrator to provide Dominion Energy Company with information provided to me on any incentive application I may have submitted. I understand and agree that references to Dominion Energy, electric service provider and other program administrators also includes their authorized agents and program administrators.

Please allow up to 8 weeks for application processing. **To check the status of your application, please visit www.ThermWise.com and select "TRACK YOUR REBATE" located on the left side of the screen. For questions regarding your application, you may call 1-855-499-8442 M-F 7am to 6pm MST.** Rebates are paid by check in US dollars. Checks will be mailed to qualifying customers within 60 days upon completion of application processing. It is required that you cash the rebate check within 90 days of the issuance date on the check. Excessive submissions constitute fraud and may result in federal prosecution under the U.S. mail fraud statutes (Title 18, USC 1341 and 1342). All submitted materials become property of Dominion Energy and will NOT be returned.
