ThermWise® Weatherization Rebates

Single Family Window Application

(1 to 4 units)

If you can conserve, you can save.®

IMPORTANT: Carefully read both sides of the application before submitting for rebates. It is the applicant's responsibility to complete the application and submit it with the required supporting documentation. Rebates are available only for customers living in EXISTING single family dwellings (not newly constructed homes) of up to and including four units that have primary gas heating. Measures must be installed prior to requesting a rebate. The application must be signed by the customer holding the Questar Gas® account. Rebates will not be paid for ineligible or incomplete applications. Completed form and itemized receipt must be received within six months of installation to meet eligibility criteria.

Customer Information

(Please print clearly in each box)

If you are a property owner not listed on the account and would like the rebate check to be made payable to you, please check the box below and attach a completed Property Owner Addendum. Otherwise, all rebate checks will be sent to the name and mailing address listed on the Questar Gas account at the installation address. Visit ThermWise.com to download and print this form.

Check this box if you have attached a completed property owner addendum (if applicable)

## Terms and Conditions

### Rebate Availability

The Questar Gas ThermWise Weatherization Program has been approved by the Public Service Commission of Utah. All rebates are subject to change with 30 days notice. All efficiency measures must be new, must be purchased and installed prior to submitting a rebate application, and must have been purchased and installed on or after January 1, 2012. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the rebate. **Completed form and required documentation must be received within six months of installation.**

### Rebate Qualifications

Qualifying measures and services may be found online at [ThermWise.com](http://ThermWise.com), or by calling 1-800-323-5517. Efficiency measures must be installed in single-family houses or in dwellings of up to four units within Questar Gas's Utah service area. Questar Gas maintains a list of Trade Allies by measure category, which can be found at [ThermWise.com](http://ThermWise.com) or by calling 1-800-323-5517.

### Application Details

Applications are subject to verification by Questar Gas. If your application is selected for verification, it will not be processed until the verification process is satisfactorily completed.

Questar Gas issues rebates in the form of checks, not utility bill credits. Questar Gas is not responsible if your retailer or contractor provides inaccurate information about the amount and/or conditions of the actual rebate. Questar Gas will not pay rebates for efficiency measures that are mislabeled or misrepresented by dealers regarding rebate qualifications.

The customer hereby transfers to Questar Gas all "Environmental Attributes" attributable to the qualifying measure or its operation. "Environmental Attributes" means those aspects, claims, characteristics and benefits of avoided energy use associated with the measure(s). Environmental Attributes include all environmental benefits, avoided emission characteristics, credits, allowances, reductions, offsets and benefits associated with the savings of energy and the reduction of generation from nonrenewable energy resources, including any avoided emissions of carbon dioxide, methane, and any other greenhouse gases, but do not include any tax benefits or credits associated with the measure.

### Rebate Limitations and Limitation of Damages

Payment of the rebate by Questar Gas does not warrant the performance of the qualifying/installed efficiency measures and does not warrant that the qualifying installed efficiency measures will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying equipment. Neither Questar Gas, its parent company, affiliates, subsidiaries, officers, employees, nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or process disclosed, or represent that its use would not infringe on privately-owned rights. Reference to any specific commercial project, processes, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by Questar Gas, its parent company, affiliates, subsidiaries, officers, employees, or its contractors.

### Consent to Share Information

By submitting this Window Application, I authorize Questar Gas Company and its agents to release the information I have included in the Application to Rocky Mountain Power or another program administrator for the purposes of energy efficiency program administration and project quality assurance purposes. I understand and agree that this information may be used to help determine eligibility for available Questar Gas Company incentives. I authorize Rocky Mountain Power or another program administrator to provide Questar Gas Company with information provided to me on any incentive application I may have submitted. I understand and agree that references to Questar Gas Company, Rocky Mountain Power and other program administrators also includes their authorized agents and program administrators.
