

2019 ThermWise® - Utah Business Rebate General Application

Promotion Dates: 01/01/2019 - 12/31/2019

Steps to Participate

- Purchase and install a qualified measure where there is an active GS (gas service) meter using Dominion Energy services.
- Review the Terms and Conditions on page 2 of this application and sign the Acceptance of Terms at the bottom of this page.
- Include the following documentation:
 - This completed General Application and all Supplemental Applications
 - Current IRS W-9 form (located here: <https://www.irs.gov/pub/irs-pdf/fw9.pdf>).
 - A copy of your most recent Dominion Energy bill.
 - A copy of your receipt/invoice.
 - Equipment specifications. AHRI Certificate from www.ahridirectory.org or a copy of the manufacturer specification sheet, if applicable.
 - Keep a completed copy of your entire submission for your records

Third Party Payment Release

In order to designate your rebate check payable to a third party, you are required to submit this completed and signed form with your rebate application and all required materials. Only upon approval of your application will the check be made payable to the designated party.

| | | | | |
|---------------|--|-------|-------|----------|
| Payee Name | | Email | | |
| Payee Address | | City | State | Zip Code |

I am authorizing this rebate payment to the third party named above and I understand that I will not be receiving the rebate payment from the Thermwise rebate program. I also understand that my release of payment to the third party does not exempt me from the rebate requirements outlined in the application.

Acceptance of Terms

I hereby certify that all information provided is accurate. I have read all terms and conditions on both pages of this application and acknowledge that Dominion Energy may verify all information provided. As a condition of payment, Applicant shall provide a completed Form W-9 identifying the applicant's correct tax information. If there are any changes to information, such as address, a new Form W-9 form must be submitted prior to payment being issued. Payment will be withheld until Applicant has submitted a valid Form W-9 or corrected any identified information mismatches.

Terms and Conditions

Rebate Availability The Dominion Energy®ThermWise® rebate programs have been approved by the Public Service Commission of Utah. All rebates subject to change with 30 days notice. All equipment/supplies (measure) must be new and purchased and installed prior to submitting a rebate application. **Measures must have been purchased and installed on or after January 1, 2019.** Applications must include all information requested. Failure to provide this information may result in the delay or denial of the rebate.

Rebate Eligibility It is the responsibility of the applicant to send the completed rebate application along with copies of the required proofs of purchase (receipt, invoice, etc.). Only one rebate will be paid per installation. Proof of purchase and installation receipts are required for each measure qualifying for a rebate. Allow approximately eight weeks from receipt of completed applications, including all purchase receipts, for rebate processing. Completed form and all required documentation must be received within six months of purchase/installation.

Rebate Qualification If a measure is returned after rebate is paid, Dominion Energy will be reimbursed the rebate with penalty including associated legal and/or collection related costs. Qualifying rebate measures may be found online atThermWise.com. Measures must be installed within the Dominion Energy Utah/Idaho service area. Customers in Dominion Energy's Wyoming service area may be eligible for Wyoming specific measure rebates. VisitThermWise.com for details regarding the WyomingThermWise Program.

Application Details All applications are subject to verification by Dominion Energy. If your application is selected for verification, it will not be processed until the verification process is satisfactorily completed. Dominion Energy issues rebates in the form of checks, not utility bill credits. Dominion Energy is not responsible if your retailer or contractor provides inaccurate information about the amount and/or conditions of the actual rebate and Dominion Energy will not pay rebates for equipment that is mislabeled or misrepresented by dealers regarding rebate qualifications. Customers receiving rebates under one ThermWise program may not receive rebates for the same equipment under any other ThermWise program.

The customer hereby transfers to Dominion Energy all "Environmental Attributes" attributable to the qualifying measure or its operation. Environmental Attributes means those aspects, claims, characteristics and benefits of avoided energy use associated with the measure. Environmental Attributes include all environmental benefits, avoided emission characteristics, credits, allowances, reductions, offsets, and benefits associated with the savings of energy and the reduction of generation from non-renewable energy resources, including any avoided emissions of carbon dioxide, methane, and any other greenhouse gases, but do not include any tax benefits or tax credits associated with the measure.

Rebate Limitations and Limitation of Damages Payment of the rebate by Dominion Energy does not warrant the performance of qualifying/installed measures and does not warrant that the qualifying/installed measure will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying measure. Neither Dominion Energy, its parent company, affiliates, subsidiaries, officers, employees, nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or processes disclosed, or represent that its use would not infringe on privately-owned rights. Reference to any specific commercial project, processes, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by Dominion Energy, its parent company, affiliates, subsidiaries, officers, employees, or its contractors.

Consent to Share Information By submitting this ThermWise application, I authorize Dominion Energy Company and its agents to release the information I have included in the application to my electric service provider or another program administrator for the purposes of energy efficiency program administration and project quality assurance purposes. I understand and agree that this information may be used to help determine eligibility for available Dominion Energy Company rebates. I authorize my electric service provider or another program administrator to provide Dominion Energy Company with information provided to me on any incentive application I may have submitted. I understand and agree that references to Dominion Energy, electric service provider and other program administrators also includes their authorized agents and program administrators.

Tax Liability Applicant acknowledges that receipt of any rebate or payment pursuant to this application may result in taxable income to the Applicant, even if Applicant does not directly receive a payment. Applicant is solely responsible for payment and reporting with respect to Applicant's taxes. Applicant should consult his or her own tax advisor with respect to the tax treatment of rebates provided pursuant to application. Nothing in this application or these Terms and Conditions is intended to constitute tax advice and cannot be used for the purpose of avoiding penalties under the Internal Revenue Code.

Rebates are paid by check in US dollars. Checks will be mailed to qualifying customers within eight weeks upon completion of application processing. It is required that you cash the rebate check within 90 days of the issuance date on the check. Excessive submissions constitute fraud and may result in federal prosecution under the U.S. mail fraud statutes (Title 18, USC 1341 and 1342). All submitted materials become property of Dominion Energy and will NOT be returned.

2019 ThermWise® - Utah Commercial Boiler Supplement

Promotion Dates: 01/01/2019 - 12/31/2019

- Used, rebuilt or leased equipment is not eligible.
- In order to facilitate timely processing, please submit rebate application within 6 months of the installation date.
- If you are installing more measures than what is available on this page, please use our multiple measure spreadsheet found here: www.thermwise.com/business/MultipleMeasures.xlsx
- Send by email to incentives@thermwise.net, or by mail to ThermWise Business Rebates, 2223 South Highland Drive #E6-333, Salt Lake City, UT 84106.

Natural Gas Boiler (Hot Water)

| | | | Install Date: | | | | |

| Required Efficiency | Equipment Size | Manufacturer | Model Number | Serial Number | kBtu Input | Rebate | Expected Rebate |
| <input type="checkbox"/> Control not required by code | All | | | | | \$250 | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | Total Rebate | |

Boiler Tune-up

Install Date:

- Must have ASME boiler stamp: Approved stamp on nameplate for hot water heating and hot water supply boilers and steam heating boilers.
- Pre and post measurements of boiler combustion efficiency: Include combustion analysis receipts with this rebate application.
- Adjust draft control: Maintains constant draft through the system to ensure complete combustion accounting for temperature and barometric changes.
- Check completeness of combustion: Monitored with a CO and O₂ sensor. Results from this testing will affect the fuel Input/air input measure.
- Clean fire side of heat exchanger (HX): Scrubbing HX manually to remove buildup from combustion gases and more efficiently transfer heat from the source to steam/water.
- Optimize fuel input: Optimize fuel input (and air input) based on combustion completeness results.

| Size Category | Manufacturer | Model | Serial Number | Tune-up Cost | Combustion Efficiency (%) | | Rebate | Expected Rebate |
|---|--------------|-------|---------------|--------------|---------------------------|-------|------------------------------|-----------------|
| Tier 1: Complies with the requirements listed above. | | | | | | | | |
| Any | | | | | N/A | | \$100/ boiler | |
| | | | | | | | | |
| | | | | | | | | |
| Tier 2: Tune-Up yields a minimum improvement of 1% in combustion efficiency and complies with requirements listed above. | | | | | | | | |
| ≥ 300 kBtu to < 1,500 kBtu | | | | | Pre: | Post: | \$200/ boiler | |
| | | | | | Pre: | Post: | | |
| | | | | | Pre: | Post: | | |
| Tier 3: Tune-Up yields a minimum improvement of 1% in combustion efficiency and complies with requirements listed above. | | | | | | | | |
| ≥ 1,500 kBtu | | | | | Pre: | Post: | \$300/ boiler | |
| | | | | | Pre: | Post: | | |
| | | | | | Pre: | Post: | | |
