

UTAH

ThermWise® Custom Business Rebates
Simplified Analysis – Post-Installation Report (POR) Application

If you conserve, you can save.®

Application Instructions

IMPORTANT: Please read this application carefully. It is the applicant's responsibility to complete the application and submit it with the required supporting documentation. Rebates are only available for Questar Gas® General Service (GS) business customers in the Utah service territory.

- 1. Review Program Manual
2. Complete all the information requested on this Post-Installation Report (POR) Application.
3. Include a copy of your most recent Questar Gas monthly bill.
4. Include supporting cost documentation, in the form of invoices, that includes the following information:
- Retailer/Contractor name, address and phone number
- Itemized listing of quantity, size, description, manufacturer, model number and other identifying information as appropriate
- Invoice date and cost
- Efficiency requirements documentation
5. Submit the completed signed application with all supporting documentation to the address or email below.

# Incentive Application: Air-to-Air Heat Recovery Installations

## Overview and Eligibility

The ThermWise Business Custom Rebates Program is a demand-side management (DSM) opportunity offered by Questar Gas with the goal of obtaining verifiable, cost-effective, and long-term natural gas savings. Program participants submit project proposals for a firm quantity of natural gas reduction through the installation of demand-side management measures. After installation, review and approval by Questar Gas, customers will receive \$1.00 per therm saved up to 50% of the eligible incurred project cost. To be eligible for the Custom Business Rebates program, an Air-to-Air Heat Recovery Installation must not be required by code. Please fill out a separate application for all heat recovery installations on HVAC systems that are of a different type, size, and/or efficiency. All applications must include an equipment cut sheet for the Air-to-Air Heat Exchanger, in addition to the AHRI certificate or available cut sheets for the HVAC system as supplemental documentation.

## Project Details

<b>Please confirm that Air-to-Air Heat Recovery is not already required by code (Section 503.2.6 of IECC 2009)</b>			
<b>Project Type:</b>	<input type="checkbox"/> Retrofit	<input type="checkbox"/> New Construction	<input type="checkbox"/> Major Renovation
<b>Climate Zone: (Counties Listed)</b>	<input type="checkbox"/> 3B (Washington county)	<input type="checkbox"/> 6 (Box Elder, Cache, Carbon, Daggett, Duchesne, Morgan, Rich, Summit, Uintah, Wasatch counties)	<input type="checkbox"/> 5 (All other counties not listed to the left)
<b>Nearest Occupancy Schedule:</b>	<input type="checkbox"/> 7a-7p, M-F	<input type="checkbox"/> 8a-10p, 7 days	<input type="checkbox"/> 24 hours per day
	<input type="checkbox"/> Other (list occupancy hours & days):		

## HVAC System Inputs

<b>Please fill in the HVAC system details using information from the mechanical schedules:</b>			
<b>Heating Source:</b>	<input type="checkbox"/> Gas	<input type="checkbox"/> Electric	
<b>System Type:</b>	<input type="checkbox"/> Dedicated Outside Air System (100% OA)	<input type="checkbox"/> Gas Furnace	<input type="checkbox"/> Air Handling Unit with Hot Water Coil (Central Plant)
<b>Quantity*:</b>			
<b>Supply Air Flow (CFM):</b>			
<b>Outside/Exhaust Air Flow (CFM):</b>			
<b>Heating Efficiency Rating:</b>	If Gas: <input type="checkbox"/> _____ %		
<b>Input Heating Capacity (MBH):</b>			
<b>*Please fill out a separate application for all heat recovery installations on HVAC systems that are of a different type, size, and/or efficiency.</b>			

## Air-to-Air Heat Recovery Ventilator Inputs

<b>Please fill in the heat recovery details using information from the mechanical schedules and/or equipment cut sheets:</b>	
<b>Sensible Effectiveness (%):</b>	
<b>Latent Effectiveness (%):</b>	
<b>Heat Recovery Ventilator Pressure Loss (in. WC):</b>	
<b>Total Cost of Heat Recovery Ventilator:</b>	
<b>All applications must include an equipment cut sheet and/or the AHRI Certificate for cooling/heating equipment as supplemental documentation.</b>
